Dear Saizen Tour Team,

Congratulations for your professional team-work and providing countless “fun” language and cultural leaning opportunities for Japanese student nationwide, throughout Australia.

Without your hands-on help, our trip would not have been as successful as it was. I particularly appreciated some of your advice when I was arranging our tour schedule on the phone. From here in Ballarat, Victoria, to your office on the Gold Coast, Queensland, there was no barrier for communication, which was undertaken via e-mails and phone calls.

Good communication was vital for this Japan Tour. There were many important support layers, for example the tour agent with the teachers, the teachers with teachers, the students with teachers, the students with students, the students with parents, the teachers with parents, etc. Trustworthy and frequent communication between the Saizen Tour and myself, as the tour coordinator was the key to our success for our 2013 Japan Tour.

So, Arigatou gozaimasu! ありがとうございます。

As we are all aware, many students discontinue learning Japanese because learning Japanese is not easy for everyone. However, our Japan Tour experience provides a “real” learning opportunity for many students. It is much more meaningful to “feel” with the 5 senses in Japan in comparison to learning with a text book- it is classroom based learning with imagination.

A number of students have said “I want to go back to home (to Japan)” after the trip. This was a sign of their satisfaction and what they gained from the trip, which was largely thanks to your hard work and commitment.

We will never forget this experience. Thank you. It was SAIZEN,最善でした！！
